JAMES

LAWRENCE

In periods of failure and distress - when we acknowledged our inadequacies - fortunate were we that there were strong shoulders upon which we could rest our burdens. Standing guardian over us were those devoted to our cause, ready to counsel and inspire us in our every endeavor - imparting wisdom and instilling desire, always unselfishly.

As an expression of our appreciation to those who have displayed such sincere interest in our welfare and for having guided us so faithfully, it is with utmost gratitude that we, the 1958-59 Seniors dedicate our yearbook to Mr. Eugene James and Mr. Lewis Lawrence.

Dear Students:

The golden opportunities which lie before you are realistic and not far removed. To claim them involves imagination, vision, initiative and a great deal of effort. Lincoln said, "I'll prepare and get ready and maybe my time will come."

This is what you have been doing for many years, and now you are getting ready to take another step in education. The extent to which you will succeed depends upon you - both upon your past preparation and your future ambition and willingness to work diligently and unselfishly to achieve.

To you who are leaving, may we wish you Godspeed and admonish you to excel as citizens who will reflect honor upon your name, your school, your state and your country. You are not educated, you have only approached the threshold of knowledge with a background preparatory for further exploration; your enrichment and continued success depends upon continued effort. Your teachers will watch your maturity and achievements with interest and pride, and wish for you the greatest possible success and happiness.
